Islamabad, Pakistan | +92 3039596764 | imamshaffin@gmail.com | [GitHub](#) | [LinkedIn](#) | www.shaffinx.works

SUMMARY

Full-Stack Developer experienced in Website, Mobile and Desktop development, specialized in Frontend, Backend Web development and Cross-Platform development.

EDUCATION

FAST NUCES (National University of Computing and Emerging Sciences)

BS Computer Science

Relevant Courses

Web Programming, Data Structures and Algorithms, Operating Systems, Databases, Software Engineering, Artificial Intelligence and Machine Learning, Software for Mobile Devices, Software Design

EXPERIENCE

Web Developer Intern

MicroAgility -- Islamabad (Remote/Onsite) | Jun-Aug 2024

- Contributed to feature development in MEAN/MERN stack applications, reducing development time through efficient code implementation.
- Enhanced code quality and team productivity by participating in Git workflows and peer code reviews.
- Improved software reliability by developing comprehensive unit tests and technical documentation.

PROJECTS

Electrical Engineering Project Manager

React Native · Firebase · Cross-Platform (Android & iOS)

- Streamlined project workflows for electrical engineering firm through comprehensive task management solution, reducing coordination time.
- Enhanced billing efficiency with automated PDF generation and custom notifications, improving cash flow.
- Enabled real-time project updates across devices for field teams

Finance Assistant Website

[View Project](#)

MERN Stack: React · Express · Node.js · MongoDB

- Empowered students with intuitive expense tracking and automated budgeting tools for financial literacy
- Increased engagement through visual analytics and motivational content tailored for young adults
- Delivered cost-effective alternative to premium finance apps for student budgets

CRM Solution a University Project

C# · .NET · Windows Forms · PostgreSQL

- Built a scalable CRM desktop application with advanced design patterns, UML diagrams, and ERDs.
- Enhanced scalability through professional software architecture and design patterns
- Enabled data-driven decisions with streamlined customer insights

Hardware Ecommerce Store (Demo Project)

[View Project](#)

React · Firebase · E-commerce Web App

- Demonstrated secure e-commerce capabilities with real-time inventory management
- Improved user experience through responsive design and Firebase integration
- Showcased production-ready development with industry-standard security

Website for Reading Books

[View Project](#)

React · Node.js · Express.js · MSSQL

- Connected authors and readers through secure platform, expanding content reach
- Enhanced experience with role-based access and responsive design
- Delivered reliable content management with robust server architecture

Social Media App (ConnectMe)

[View Project](#)

Kotlin · PHP · MySQL · Apache · Android

- Created engaging social platform with comprehensive communication features
- Delivered seamless messaging, calling, and content sharing functionality
- Showcased native Android development with scalable backend architecture

SKILLS

Frontend: React, React Native, Next.js, Vue.js, Flutter, Electron.js, JavaFX, HTML5, CSS3, JavaScript (JS/TS)

Backend: Node.js, Express.js, PHP, Laravel, Flask, Java, C# (.NET), Kotlin, REST APIs

Programming: Python, C/C++, Java, Data Structures & Algorithms, Neural Networks, MASM (x86 Assembly)

Databases: SQL, MySQL, PostgreSQL, MSSQL, MongoDB, Firebase

DevOps & Tools: Git, Docker, AWS, Kubernetes, Nginx, Apache, Bitbucket

CERTIFICATES

Full-Stack Web Development with React

Meta Android Developer

Node.js, Express, MongoDB & More: The Complete Bootcamp

Hong Kong University (Coursera)

Professional Certificate (Coursera)

by Jonas Schmedtmann (Udemy)
